- a. Problem: Taylor Trevino
 - I wanted to share a concern regarding restroom privacy in the BLH building. This has been a privacy issue that has been a concern of mine since I began working in this building in November, previously I was in Madla, any and all sounds from the restrooms can be clearly heard from down the hall. This can be an uncomfortable environment for staff and visitors alike.

I understand that building acoustics can be challenging, but I wanted to bring this to your attention in case there are possible solutions or improvements that could help enhance privacy in that area.

- Shared with Corrin Le Vasseur via email on June 6th.
- Response from Corrin on June 8th stating that Ernest would investigate and respond.
