3. Buzz Around Campus/Suggestion Box Items:
 - a. Suggestion (Anonymous):

Unless I've missed this in emails, could we have notes/PPT emailed out from convocation and All Staff Meetings? I think it would be helpful for staff who are unable to attend the meetings or just as a refresher. Thank you for your consideration!

- b. Suggestion (Catalina Salinas):

Often times students come to myself (and other administrators so I'm told) looking for staff and/or faculty members, and I am unable to get them the information they need because the said faculty/staff member's location is not listed anywhere - not in the directory on the University website, nor in Workday. When this happens, I try to reach out to the individual via email and Teams, but I have never gotten a timely response (sometimes I don't get a response at all).

For both students and other staff and faculty, I would suggest/request that all

TAMUSA employees' locations be listed in directory on the website so that we can simply search the individual's name and find their location and extension number.

c. Suggestion (Keep Anonymous):

Place signs in the dining area stating that customers are not to eat from their plates while serving themselves or being served food. This action is unsanitary for everyone concerned. Thus far, I have seen only students doing this, but everyone should adhere to this prohibition.

- i. Done: I shared with Zeak who worked with Leo on posting signs and a social media post as well
